

Hurry and Worry

Hurry, like a cyclone, whirls you along at a rate that quickly exhausts your energy, and leaves you a nerveless, wretched, broken-down physical wreck.

Worry accomplishes the same results in another way. It drags you through the dark, gloomy tunnel of forbodings, wrecks your nerves and breaks down the constitution.

Then don't hurry; don't worry. But you will; and your nerveless, exhausted condition brings headaches, neuralgia, heart, stomach, liver and kidney troubles. The thing to do is: Strengthen the nerves with Dr. Miles' Nerveine.

"Six months I was bedfast with nervous prostration. I had sinking spells, a cold, clammy feeling, couldn't stand the slightest noise. At times I would almost fly to pieces; stomach very weak. My husband insisted on my taking Dr. Miles' Nerveine, and I began to improve before I had finished the first bottle, and to-day I am entirely cured."

MRS. JOSEPH SNYDER,
224 Hudson St., Tiffin, O.

Dr. Miles' Nerveine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

VERMONT NEWS

Items of Interest From Fourteen Counties of State.

A petition in bankruptcy has been filed by Etiole Frusant of Barre, a stone cutter. He has liabilities of \$324.62 and assets of \$300, claimed exempt.

It is said that a petition largely signed by business men and others has been forwarded to the state board of railroad commissioners praying that they issue an order that the Central Vermont railway passenger station at Bethel be kept open for some time previous to the arrival of the north-bound and southbound night trains.

It has just been learned that Rosie Buckley of Cold River (a settlement in Shrewsbury) has been missing for six weeks and there is no clue to her whereabouts. Miss Buckley is about 20 years old and is the daughter of Jacob Buckley. It is said that she had been working as a domestic in Rutland, but no trace of her can be found there.

The disbanding of the Burlington high school football eleven leaves the Goddard Seminary schedule more sadly out of fix, says a Barre correspondent. It was bad enough when the Montpelier high school eleven disbanded and now Saturday's return game with Burlington high at the latter's grounds is cancelled. This leaves Goddard as undoubtedly the scholastic champion of northern Vermont, and perhaps the state.

Mr. and Mrs. Chancey O. Greene of Troy, N. Y., who November 6 celebrated the sixtieth anniversary of their marriage, were married in Danby November 6, 1847. There was not a foot of railroad track in Vermont at that time. The newly-wedded couple journeyed from Danby to Troy by stage coach and took up their residence in West Troy. They have been for many years respected and influential residents of Troy. Mrs. Greene's maiden name was Elizabeth Eggleston.

The fact, long kept secret, has just leaked out that the writer of the popular "Betty Wales" series of college stories for girls is Miss Edith K. Dunton, of Rutland. The name assumed by the writer is "Margaret Ward" and only a very few of Miss Dunton's most intimate friends knew that the stories came from her pen. Miss Dunton has written several attractive short stories which have appeared in The Red Book and other magazines. She is at present associated with The Dial, a semi-monthly magazine, published at Chicago, and devoted largely to book reviews. Miss Dunton is a graduate of Smith College.

Yale Swept Over Brown Men.

NEW HAVEN, Conn., Nov. 11.—Yale had no difficulty in winning from Brown on Yale field by a score of 22 to 0. The Brown men, tired out by their struggle with Harvard a week ago, were hardly in condition to cope with Yale, and the score represents fairly the merits of the teams as they met. One touchdown, it is true, was due to a spectacular and brilliant run by Tad Jones, who caught one of Denzile's punts in midfield and shook off in a fifty yard run every man on the Brown team. Yale used little but straight football. The forward pass was not tried once, and the onside kick was resorted to only three times.

Middles All at Sea.

ANNAPOLIS, Md., Nov. 11.—The heavy and skillful football team of Swarthmore college defeated the midshipmen here by a score of 18 to 0, the worst defeat the Navy has suffered in three seasons, during which Princeton and Harvard have been among the opponents. O'Brien, the great little quarterback of the Quaker team, must get the credit for thirteen of the points, as he kicked three field goals and added another point by kicking a goal after McDonough had made the only touchdown of the game.

Weston Had a Good Rest.

SYRACUSE, N. Y., Nov. 11.—Edward Payson Weston, the veteran pedestrian, spent a quiet Sunday at his hotel in this city and, greatly refreshed, started on his way to Rochester at midnight. He spent most of the morning in bed attending to the correspondence, writing about fifty letters. According to his schedule, Weston is due to reach Palmyra tonight, but he expects to do eighty-one miles and reach Rochester. It has been raining, and the roads are heavy.

Princeton Too Much For Amherst.

PRINCETON, N. J., Nov. 11.—Amherst proved stronger than was expected and held Princeton down to one field goal in the first half and a field goal and touchdown in the second, making the final score 14 to 0. Princeton's defense was the stiffest the team has displayed this year, and Amherst gained only one first down, but the offense was miserable and entirely lacked the dash and determination of last Saturday.

Tennis at Tuxedo.

TUXEDO PARK, N. Y., Nov. 11.—The annual first class court tennis handicap played here on the courts of the Tuxedo Tennis and Racket club resulted in a victory for P. Lorillard, Jr., who defeated W. B. Dinsmore in two straight sets. Jay Gould, the American and British champion, was among the entries, but defaulted to Lieutenant Governor Lewis Stuyvesant Chanler.

State College Could Not Score.

PHILADELPHIA, Nov. 11.—Hollenbach played a wonderful game and was accountable for seventeen of the twenty-eight points by which Pennsylvania defeated Pennsylvania State college on Franklin field. Pennsylvania State positively could not score.

Toronto Has \$150,000 Fire.

TORONTO, Nov. 11.—Fire practically destroyed the Anderson & Macbeth office building on Bay street. The building was occupied by manufacturing agents and wholesale houses. The loss is \$150,000.

KAISER IN ENGLAND.

Imperial Party Arrives at Sandown Bay, Isle of Wight.

LONDON, Nov. 11.—The German imperial yacht Hohenzollern, bringing Emperor William, the empress and party to visit England, entered Sandown bay, Isle of Wight, this morning after being greatly delayed by a heavy fog that obliged the yacht to anchor, with the cruisers escorting her, off Chelsea during the night.

An extraordinary incident has come to light in connection with the visit of Emperor William. It is related that at the conclusion of the recent maneuvers the channel fleet and the first cruiser squadron were ordered by the admiralty to repaint, etc., in honor of the German emperor.

Upon receipt of this order Sir Percy Scott, commander of the cruiser squadron, sent the following signal to two of his vessels: "Paint work appears to be more in demand than gunnery, so you had better come in time to look pretty by the 8th inst."

Admiral Lord Charles Beresford in a general order to the fleet repeating the instructions to repaint refers to the signal sent out by Sir Percy Scott as "contemptuous in tone and insubordinate in character" and orders Sir Percy to have it stricken from the signal logs.

Sir Percy Scott and the members of his staff were summoned aboard Admiral Beresford's flagship, and the admiral's reprimand was read to them.

This affair has created consternation in the fleet, and there is a probability that it will lead to the resignation of Sir Percy.

Rear Admiral Sir Percy M. Scott is probably the best versed officer in gunnery in the British navy, and he is well known as the man who "saved Ladysmith" in 1899, because he devised a special carriage for six inch and 4.7 inch guns from the cruiser Terrible, which he commanded at Durban, whereby these pieces were carried by rail into Ladysmith just before its investment by the Boers. Sir Percy was noted in and about Durban, of which port he was made commandant, for his blunt and direct statements.

Sir Percy commanded the gunnery school of the royal navy in 1903-05, and he has been director of naval target practice. He was naval A. D. C. to King Edward in 1903-05. He is the inventor of the night signal apparatus now in use in the British navy.

Two Killed by Policemen's Bullets.

BUFFALO, Nov. 11.—Edward Wischnach of Cheektowaga, who was shot by Detective Hatfield of the New York Central on Friday night, died at the Emergency hospital. He is the second victim of an officer's bullet within forty-eight hours. Friday morning Policeman Crotty shot Charles Charles, an alleged burglar. He died Saturday afternoon. Wischnach made an antemortem statement in which he said he was walking along the common beside the railroad track and did not hear the officers call to halt. Hatfield, on the other hand, claims that Wischnach broke into two cups and ran away at his approach.

HE VISITED SOME PATIENTS

(Chattanooga, Tenn., Daily News)

A representative of the News has just returned from a very successful visit in California.

Concerning the reports that the long sought cure for Bright's Disease has been discovered, he took special pains to find out the truth of the matter and came back fully convinced.

One lady, the wife of a San Francisco editor, not only told her husband's remarkable discovery after physicians had given him up, but she reeled off as of no moment, the names of several of the men who had recovered. One case was particularly interesting. It was a case of Bright's Disease in which the young man was so impressed that nothing could be done that he had to be tricked into taking the new specific. Each time a dose was administered a tablespoonful of his old medicine was secretly disposed of, thus allaying suspicions. To complicate matters as the young man recovered, the physician became elated thinking he had discovered a cure for Bright's Disease. It was not until the patient was well along toward recovery that there was no uncertainty about it that the whole plot was disclosed. One of San Francisco's pioneer druggists also confirmed his own recovery and made the astonishing statement that he had given it to between 40 and 50 and only knew of a few failures.—Chattanooga Daily News.

W. L. Gokay, of Bennington, sent for this treatment for patients here and will give full information.

Reasons for Savings Bank Success.

The Londonderry Sifter, speaking of the Hyde Park Savings bank, summarizes the reasons for the remarkable success of that institution as follows:

This bank with Ex-Gov. Page as its president, is to be congratulated upon the volume of its business, having passed the million dollar mark in its assets, July 11th; also upon its business methods, all its investments being within the state of Vermont. It has depositors in all parts of the state due to its liberal advertising, prompt service and a four per cent interest rate.

This is Worth Remembering.

As no one is immune, every person should remember that Foley's Kidney Cure will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. Quinlan's Pharmacy.

Grand Fur Opening

TUESDAY, NOVEMBER 14, 1907
